

Vacancy : Youth Leader

The Percy Community Centre has a vacancy for a Youth Leader. This is an opportunity to work with a thriving independent local charity in delivering its free youth provision. The post will include both administrative and face-to-face work within the Centre's existing youth service as part of a small team.

Initially the post will be for six hours per week, all-year-round, centred on a weekly evening session but you will be encouraged to expand provision and, subject to funding, additional hours may become available.

The applicant will be expected to manage a team to plan and run activities both on and off site as well as providing support for the young people attending (aged 11 and above). The ideal candidate will be organised, pro-active and with a positive outlook and experience of working in a similar environment and will demonstrate a strong commitment to young people together with an understanding of the factors affecting their lives. Relevant qualifications and good administrative skills are desirable.
